
LANSGING POST

Lansing Residents Can Drop Off Trees

Earlier this week a bylaw was passed that Lansing, Michigan residents can drop off trees. Many have been taking the great dive. This bylaw has touched many lives.

Constable Gruger stated at the town meeting "This town is truly blessed . I believe everyone has been granted a new beginning."

It has now been two days since this bylaw has been in effect. We have recorded approximately 265 jumpers, most of them being men. According to Dr. Fitzgerald men are more prone to pure pressure. It's to be believed that after doing it they are much happier. Where ever they are today I guarantee they are relieved to have done it.

There are no height restrictions at which you may not jump. "The higher the better," Mayor Thompson declared.

This is Dean Friesen one of the residents.

This bylaw has allowed the town's people to jump off trees for entertainment. Before many did not have anything to do. Some people resorted to smoking marijuana due to lack of activities. After being in effect the percentage of drug use has gone down drastically. It has gone down from 45% to a low 3%.

This town is the first ever to pass this bylaw. It has had a great impact on the town of Lansing. Changing the future for everyone, other towns are considering following in our foot steps.
